March 2022

Dear Parents/ Carers,

Year 4 are completing their final Food Technology project of the year on Thursday 31st March. They will design and make a healthy pasta salad that is based around our Geography Italy topic.

Children will:

- Taste and evaluate a range of shop bought pasta salads.
- Evaluate the ingredients.
- Design their own pasta salad- choosing from a range of healthy fresh ingredients purchased by school.
- Prepare the ingredients chosen for their pasta salad.
- Cook pasta and add ingredients (Take home in a container)
- After tasting- evaluate at home.

We would like your child to bring in one protein product only (e.g. Ham, Salami, Pepperoni, Quorn, Tuna - cooked) enough for one portion only.

We are asking for a £1.00 contribution to cover costs for 96 children's worth of ingredients paid via PAY360 please.

We have taken into consideration all dietary requirements including allergies. But if you wish to add any further specific information please indicate below.

We hope you enjoy eating the pasta salad and would appreciate any feedback. Please complete the slip below and thank you for your continued support.

Yours sincerely

Mrs Devi
Year 4 Teachers
